MIDLANDS TECHNICAL COLLEGE

Annual Comprehensive Financial Report

Fiscal Year Ended June 30, 2024

A component unit of the State of South Carolina

STATEMENT OF MISSION

Midlands Technical College is a comprehensive, multi-campus, two-year public college serving the primary region of Richland, Lexington and Fairfield counties of South Carolina. College programs and services provide the community with accessible, affordable, quality education and training that prepares a diverse student population to attain competitive, high-demand careers; to transfer to four-year colleges and universities; and to achieve their professional and personal goals. The College equitably provides higher education opportunities that stimulate the local economy through workforce development and community social vitality.

MIDLANDS TECHNICAL COLLEGE

PRESIDENT'S LETTER

September 25, 2024

Members of the Midlands Technical College Commission and the Community:

It is my honor to present the 2023-2024 Annual Comprehensive Financial Report for Midlands Technical College (MTC). Each year, the College publishes this report to share important information concerning our operations and financial position.

Our students and the larger community we serve depend upon us for many things, but none of this is possible without a dedication to fiscal responsibility. I'm pleased to announce, as detailed in this report, that MTC remains in a stable and strong financial position.

This year, the College began celebrating its golden anniversary. For the past 50 years, MTC has been, more than anything, a change maker. We're the path to opportunity for countless students, the propeller for the business community, and the passion of professionals who have dedicated their careers to seeing that mission through.

This is the 28th consecutive year MTC has received the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association (GFOA). The certificate recognizes state and local governments for preparing annual comprehensive financial reports that reflect the spirit of full and transparent disclosure, and it is the highest form of recognition in governmental financial reporting.

I'm thankful for this college's long history of fiscally responsible and innovative educational leadership, and I'm looking forward to writing the first chapter of our next 50 years together.

Respectfully,

Dr. Gregory D. Little
President

September 25, 2024

To: Midlands Technical College Commission, the President, the Executive Council, and the community served by Midlands Technical College

We are pleased to present the Annual Comprehensive Financial Report (Annual Report) of Midlands Technical College (the "College") for fiscal year ended June 30, 2024.

State law, federal guidelines, and certain debt covenants require an annual audit of the College's financial records. The College has contracted with the independent certified public accounting firm, The Brittingham Group, L.L.P., to perform the annual audit of its financial statements and federal awards. The Independent Auditors' Report is included in the financial section of this Annual Report and reflects an unmodified opinion on the basic financial statements. As a recipient of federal financial awards, the College complies with the requirements of the Single Audit Act, and separate Single Audit reports have been issued, which are included in the Federal Awards section.

The management of the College is responsible for the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures. To the best of our knowledge, the information presented is accurate in all material respects and is comparable to equivalent institutions. All disclosures have been included and will provide the reader with a reasonable understanding of the College's financial activities that support its mission.

The management of the College is responsible for establishing and maintaining the framework of all internal controls. In fulfilling this responsibility, estimates and judgments are required to assess the expected benefits and related costs of policies and procedures related to the internal control framework. The system of internal control is designed to ensure that certain organizational objectives are met. Accordingly, organizational structure, policies, and procedures have been established to safeguard assets; ensure the reliability of accounting data; promote efficient operations; and ensure compliance with established governmental laws, regulations and policies, college policies, and other requirements of those to whom the College is accountable. The internal accounting control structure is designed to provide reasonable, not absolute, assurance that these objectives are met.

The Management's Discussion and Analysis included in the Financial Section provides a detailed explanation of the changes in financial reporting from the prior year and the resulting effects of those changes, and should be read in conjunction with this letter of transmittal.

PROFILE OF THE COLLEGE

Midlands Technical College (MTC) is one of 16 colleges included in the South Carolina Technical College System. The State Board for Technical and Comprehensive Education, an agency of the State of South Carolina, governs the system. Midlands Technical College is a comprehensive, public two-year institution that serves Richland, Lexington, and Fairfield counties in the Central Midlands region of South Carolina. The College has six campuses, three in Lexington County, two in Richland County, one in Fairfield County, and a teaching location at Fort Jackson that serves enlisted personnel and civilians.

The College's governing board, the Commission, is appointed by the Governor of South Carolina upon the recommendation of the legislative delegations from Richland, Lexington, and Fairfield counties. The Commission is composed of thirteen members who will serve for a term of four years. Officers are elected every two years, with the chairmanship alternated between the three counties. State law mandates Richland and Lexington counties to provide sufficient funding to build, maintain, and operate the College's physical plant. The division of financial responsibility is based on population and is used each year for budget request purposes from the two counties. The current distribution is 41.40% for Lexington County and 58.60% for Richland County. Fairfield County also provides financial support by funding the difference between the in-county tuition rate and the in-state tuition rate for its residents who attend the College.

Midlands Technical College is reported as a discretely presented component unit in the State of South Carolina's Annual Comprehensive Financial Report.

The Midlands Technical College Foundation, Inc., (the Foundation) is a nonprofit organization that was formed on August 12, 1970, to benefit and support education at Midlands Technical College. It is a legally separate tax-exempt discreet component unit of the College. The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. A separate Board of Trustees governs the Foundation. The Board of the Foundation is self-perpetuating and provides the structure through which individuals, corporations, and other private sector interests can demonstrate their support of the College. The activity of the Foundation is included separately in the College's financial statements.

The Midlands Technical College Enterprise Campus Authority (the Authority) was established in 2004 by S.C. Act 200, codified as sub-article 3, Article 20, Chapter 53, Title 59, of the 1976 South Carolina Code of Laws, as amended. For accounting purposes, the Authority is considered a blended component unit of Midlands Technical College. The Authority was established to provide for the management, development, and operation of the Enterprise Campus of Midlands Technical College, located on the Northeast Campus. The Board of the Authority consists of the members of the Midlands Technical College Commission. The activity of the Authority is blended in the financial statements of the College.

The College's strategic planning process includes extensive planning in preparation of the budget. The original operating budget is based on preliminary estimates and is approved by the Commission in May of each year. During its October meeting, the Commission approves the revised budget, which is prepared after major sources of revenue are known.

An annual facility plan, which outlines the needs for operations and maintenance of plant facilities, is used for the budget requests submitted to the counties. A long-term facility plan is prepared, reviewed, and updated annually as the College's initiatives are revised.

The College maintains controls in line-item budgets, budget transfer restrictions, and the use of an encumbrance accounting system. These budgetary controls ensure compliance with the annual budget adopted by the governing Board. As demonstrated by the financial statements and schedules included in the financial section of this report, the College management continues to meet its responsibility for sound fiscal administration.

ECONOMIC CONDITIONS

A primary mission of technical colleges is to support economic development through education and training. Midlands Technical College, like all public higher education institutions in South Carolina, is linked to the economic condition of the State and is subject to the funding priorities established by the General Assembly. Additionally, because the College's financial condition is closely connected to the economy in its service area, it is also subject to the priorities of local government.

This fiscal year, the College did not face any budget reductions from the State. In fiscal year 2023-2024, the College received a significant increase in one-time funding for maintenance, renovation and repairs along with the funding for Dual Enrollment and QuickJobs from the State.

During fiscal year 2023-2024, Richland and Lexington Counties continued to support the College's physical plant operations budget requests and maintained its commitment to the College's capital and debt-service needs by funding the requested amounts. Fairfield County funded the College's budget at a slight decrease from the previous year's request. However, Fairfield County supports the only Promise Program the College has for recent high school graduates from Fairfield County.

The State of South Carolina economy ended the fiscal year with a strong performance. The economy is more robust, the job market is strong and the cost of living is affordable. During the year the Comptroller General reported positive results across financial metrics, which reflects the resiliency of the state's economy. The South Carolina Board of Economic Advisors (BEA) provides forecasting and monitors the State's revenues which guides the State budgeting process. The State collected 10% more in tax revenue than estimated for fiscal year 2023-2024. The highest increases were from individual income tax revenues, sales and use tax and corporate income tax revenues which accounted for 88% of the state's surplus. With this strong performance this year, the state will end 2024 fiscal year with \$331 million surplus.

Fiscal year 2023-2024 was moderately stable economically for the College and other South Carolina higher education institutions as the general economy continues to improve. South Carolina's unemployment rate is at 3.0%. With an improving economy, the technical colleges in the state are experiencing decreases in enrollment. The increases and decreases in student enrollment significantly influence the College's annual budget, as well as tuition revenue. The College continues to implement strategies through its strategic planning process and retention efforts to address the challenges in enrollment, retention and completion.

The 2021-2024 Strategic Plan Reimagine Student Success and College Excellence has four overarching goals. The plan goals are: recruitment, enrollment and economic development; teaching, learning and student support; resource management and diversity equity and inclusion. Some of the priorities of the strategic plan include growing enrollment, increase placement rates, ensure all students have an enriching student learning experience, ensure fiscal needs of the College are met, and create an inclusive environment. The College has worked with a Retention Consultant during the year to implement strategies that aligns with the strategic plan.

MAJOR INITIATIVES

In December 2023, the College opened the newly renovated Lexington North Lake Center. The Center will offer full programs in IT, Health Care, Human Services and Skilled Trades as well as general education courses. The new facility will be housed within Lexington School District One's North Lake Community Learning Center and will support workforce development for Lexington, Richland, and Fairfield counties. Some of the programs highlighted at the center will include the heavy equipment operator program, patient care technician and computer technician certification. The center will offer on-site enrollment to help anyone with the application process, registration for a class and placement testing. Businesses, organizations, and government agencies rely on the MTC programs and other corporate and continuing educations offerings for developing their employees and workforces.

The year 2024 begins with a year of celebration for the College. MTC is celebrating 50 years of educating and developing the workforce in the Midlands. Since 1974, MTC has been a staple in Richland, Lexington and Fairfield counties helping educate more than 85,000 through one of its 150 plus degree, diploma, and certificate programs. MTC operated as three separate higher education institutions prior to 1974: the Midlands Technical Education Center, Palmer College, and Columbia Technical Education Center. On March 21, 1973, all three institutions merged to form a single, multi-campus college. The newly established college continued to operate as three separate entities governed by one commission through June 1974. On July 1, 1974, all three merged together to form Midlands Technical College. MTC has proudly commemorated five decades of service by inviting alumni, current faculty, staff, and students, and community partners to celebrate this milestone with multiple events on campus over the year.

Midlands Technical College was selected as one of 37 communities to participate in the Student Spaceflight Experiments Program (SSEP) Mission 18 that will send research work done by MTC students to the International Space Station (ISS). MTC is the first and only college in South Carolina chosen to participate in SSEP. The group includes four students, a lab technician, and a faculty advisor. They will research how microgravity effects the production of calcium oxalate crystals in edible greens. This year, these MTC Mavericks will travel to Kennedy Space Center, Florida to watch their project blast into space. Once aboard the ISS, astronauts will operate the experiment over approximately six weeks. The experiment will then return to Earth, where the team will perform their analysis and compare the results to their control experiment that stayed on Earth. A few months later, the MTC team will have the opportunity to present their project, research, and findings at a conference typically held at The Smithsonian National Air and Space Museum in Washington, D.C.

Midlands Technical College has been awarded more than \$3.5 million in grant funding to help drive South Carolina's economy through workforce development. The College also received \$255,000 from the Midlands Technical College Foundation to support QuickJobs scholarships. QuickJobs are designed to provide intensive and complete job training to develop workers for high-demand jobs during the next decade. Eligible students can receive valuable career training in more than 20 QuickJobs programs in business, information technology, advanced manufacturing, and healthcare.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Midlands Technical College for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the 28th consecutive year that the College has achieved this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ACKNOWLEDGEMENTS

The timely preparation of the Annual Comprehensive Financial Report is a coordinated College-wide effort. We would like to express sincere appreciation to all employees in the Business Affairs Division who contributed to the timely closing of the College's financial records and the preparation of this report; to the Marketing Communications unit for its contributions in design, editing, printing, and publication of the document; and to Institutional Support's Assessment, Research and Planning unit for providing statistical data. Our sincere appreciation is also expressed to other individuals and to our Commission for their support of this initiative.

Sincerely,

MIDLANDS TECHNICAL COLLEGE

2021-2024 MTC Strategic Plan

Reimagining Student Success and College Excellence

Goal 1: Recruitment, Enrollment and Economic Development

Priority Initiatives:

1. Grow enrollment
2. Facilitate a hassle-free student business experience
3. Increase student placement, education and training with Midlands employers

Goal 2: Teaching, Learning and Student Support

Priority Initiatives:

1. Invest in the Guided Pathways Initiative
2. Deliver excellent instruction
3. Support the basic needs of students
4. Ensure all students complete their education objective – includes Academics and CCE
5. Enrich the student learning experience

Goal 3: Resource Management

Priority Initiatives:

1. Ensure fiscal needs of the college are met
2. Promote effective Human Resources planning, development, recruitment and retention
3. Expand and maximize Information Technology resources
4. Develop Physical Resources to maximum utilization college-wide

Goal 4: Diversity, Equity and Inclusion

Priority Initiatives:

1. Create an inclusive environment
2. Increase diversity among faculty and staff
3. Encourage student participation and involvement

The President and Members of the Area Commission
Midlands Technical College
Post Office Box 2408
Columbia, South Carolina 29202

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities of Midlands Technical College (the "College"), a discretely presented component unit of the State of South Carolina and a member institution of the South Carolina Technical College System, including its blended component unit, the Midlands Technical College Enterprise Campus Authority (the "Authority"), and its discretely presented component unit, Midlands Technical College Foundation, Inc. (the "Foundation"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but not absolute assurance and therefore is not a guarantee

that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amount and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are no conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of Proportionate Share of the South Carolina Retirement Systems Net Pension Liabilities, Schedule of South Carolina Retirement Systems Contributions, Schedule of Proportionate Share of the Retiree Health Insurance Trust Fund Other Postemployment Benefits Liabilities, and Schedule of South Carolina Retiree Health Insurance Trust Fund Contributions on pages 17 – 22, 67 - 70 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor’s report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 25, 2024 on our consideration of the College’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College’s internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "The Brittingham Group LLP". The signature is written in a cursive style and is contained within a thin black rectangular border.

Management's Discussion and Analysis

MIDLANDS TECHNICAL COLLEGE

This page intentionally left blank

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Annual Comprehensive Financial Report of Midlands Technical College (the College) presents Management's Discussion and Analysis of the College's financial performance during the fiscal year ended June 30, 2024.

This discussion should be read in conjunction with the letter of transmittal, the College's basic financial statements, the component unit's financial statements, and the notes to the financial statements.

COMPONENT UNITS

The College has included the Midlands Technical College Foundation, Inc., (the Foundation) and the Midlands Technical College Enterprise Campus Authority (the Authority) in its financial statements in accordance with Governmental Accounting Standards Board Statement No. 39, Determining Whether Certain Organizations are Component Units. The Foundation is reported as a discretely presented component unit of the College. The Statement of Financial Position, the Statement of Activities and relevant note disclosures for the Foundation follow the College's financial statements. The governing body of the Authority is essentially the same Board as that of the College and it provides services that benefit the College, although it does not provide services directly to the College; therefore, the Authority is reported as a blended component unit and the activity is included in the financial statements of the College.

Complete financial statements for the Foundation or the Authority may be obtained by mailing a request to Midlands Technical College, Associate Vice President for Business Affairs, Post Office Box 2408, Columbia, South Carolina 29202.

USING THIS ANNUAL REPORT

Midlands Technical College is pleased to present its financial statements for fiscal year ended June 30, 2024. Comparative financial statements are not presented in this report; however, condensed data is presented in this section, which will aid the reader in assessing the changes in the College's financial position since last year. The emphasis of discussions regarding these statements will focus on the current year.

The College is engaged only in business-type activities that are financed in part by fees charged to students for educational services. Accordingly, its activities are reported using the three financial statements required for proprietary funds: Statement of Net Position; Statement of Revenues, Expenses and Changes in Net Position; and Statement of Cash Flows. These statements present financial information in a format similar to that used by the private sector.

STATEMENT OF NET POSITION

The Statement of Net Position provides a snapshot of the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (deficit) at the end of the fiscal year. It provides the reader with information concerning the College's ability to continue its operations and to determine its financial stability.

Assets and liabilities are separated into current, those that are due or to be paid within the current year, and non-current, those that are longer term in nature. Net position (deficit) represents total assets and deferred outflows of resources, minus total liabilities and deferred inflows of resources and provides information, in part, concerning any amount available to be spent by the institution.

Net position (deficit) is divided into three major categories. The first category, net invested in capital assets, provides the equity in property, plant, and equipment owned by the College. The next category, which is restricted net position, is expendable in nature and is specifically for capital projects and debt service, as indicated. The final category of net position is unrestricted, and not subject to external stipulations. These amounts represent the net position (deficit) of the Authority and the College's 30-day operating reserve as well as the College's proportionate share of the unfunded pension and other postemployment benefit (OPEB) liabilities.

The following schedule is a condensed version of the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (deficit) and is prepared from the Statement of Net Position.

Condensed Summary of Net Position
As of June 30, 2024 and 2023
(in millions)

	2024	2023	Increase (Decrease)	Percent Change
Current Assets	\$ 146.1	\$ 126.7	\$ 19.4	15.3%
Non-Current Assets				
Capital Assets, Net	99.4	102.0	(2.6)	(2.5)%
Other	9.2	8.6	0.6	7.0%
Total Assets	254.7	237.3	17.4	7.3%
Deferred Outflows of Resources	26.8	30.8	(4.0)	(13.0)%
Total Assets and Deferred Outflows of Resources	281.5	268.1	13.4	5.0%
Current Liabilities	23.1	22.2	0.9	4.1%
Non-Current Liabilities	157.9	172.4	(14.5)	(8.4)%
Total Liabilities	181.0	194.6	(13.6)	(7.0)%
Deferred Inflows of Resources	45.5	45.7	(0.2)	(0.4)%
Total Liabilities and Deferred Inflows of Resources	226.5	240.3	(13.8)	(5.7)%
Net Position				
Net Investment in Capital Assets	78.7	78.1	0.6	0.8%
Restricted for:				
Expendable	52.8	48.3	4.5	9.3%
Unrestricted	(76.5)	(98.6)	22.1	22.4%
Total Net Position	\$ 55.0	\$ 27.8	\$ 27.2	97.8%

Assets and Deferred Outflows of Resources

A strong indicator of the financial health of the College for the year is the approximate 6:1 ratio of current assets in the amount of \$146.1 million to current liabilities in the amount of \$23.1 million. The College maintains fiscally sound budget practices that provide for the conservative balance between the two categories.

Current assets have increased by \$19.4 million. The overall increase is \$17.4 million in total assets for the fiscal year. The increases in current assets are explained as follows:

- Cash increased by \$1.1 million.
- Short-term investments increased by \$15.3 million due to an increase in student tuition and fee revenue, as well as state and local appropriations.
- Accounts receivable increased by \$3.0 million. This is primarily due to an increase in student receivables in the amount of \$2.9 million.

Non-current assets include capital assets net of depreciation and other assets, which is comprised of restricted cash. Capital assets net of depreciation are \$99.4 million for the year, a decrease of \$2.6 million over the prior year. Other non-current assets increased by \$0.6 million over the prior year. The changes from the prior year are explained as follows:

- Construction in progress decreased by \$0.9 million.
- Machinery, equipment and vehicles increased by \$2.1 million.
- Land and improvements increased by \$0.3 million.
- Buildings and improvements increased by \$1.2 million.
- Accumulated depreciation increased \$5.3 million as a net result of depreciation expense and retirement of assets.
- Restricted cash increased by \$0.6 million due to an increase in the funds held at the State Treasurer's Office.

See Note 5, Capital Assets, for additional information.

The following table contains an analysis of capital assets as of June 30, 2024 and 2023.

Analysis of Capital Assets
As of June 30, 2024 and 2023
(in millions)

	2024	2023	Increase (Decrease)	Percent Change
Land & Improvements	\$ 15.7	\$ 15.4	\$ 0.3	1.9%
Construction in Progress	-	0.9	(0.9)	(100.0)%
Works of Art	0.1	0.1	-	0.0%
Buildings & Improvements	145.0	143.8	1.2	0.8%
Machinery, Equipment, Vehicles & Other	26.2	24.1	2.1	8.7%
Total Capital Assets	187.0	184.3	2.7	1.5%
Less Accumulated Depreciation	(87.6)	(82.3)	(5.3)	(6.4)%
Capital Assets	\$ 99.4	\$ 102.0	\$ (2.6)	(2.5)%

Deferred outflows of resources decreased by \$4.0 million over the prior year. Deferred outflows related to the College's proportionate share of the State's net pension liability increased by \$0.1 million. Deferred outflows related to the College's proportionate share of the State's retiree health benefits (OPEB) liability decreased by \$4.1 million. This is due to the difference between expected and actual experience and investment earnings.

Liabilities and Deferred Inflows of Resources

Total liabilities are \$181.0 million, which is a decrease of \$13.6 million over the prior fiscal year. Current liabilities increased by \$0.9 million. The changes in current liabilities are explained as follows:

- Accounts payable decreased by \$1.3 million. This is due to a reduction in construction and retainage payable.
- Unearned revenue increased by \$2.1 million due to grant funding received in advance of expenditures and deferred Corporate and Continuing Education tuition for upcoming semesters.
- Current portion of bonds payable increased by \$0.1 million.

Non-current liabilities decreased by \$14.5 million. The changes in non-current liabilities are explained as follows:

- Pension liability decreased by \$1.7 million.
- OPEB liability decreased by \$10.6 million.
- Non-current portion of bonds payable decreased by \$2.3 million.
- The non-current portion of the compensated absences increased by \$0.1 million.

See Note 13, Bonds Payable, and Note 14, Long-Term Liabilities, for additional information.

Deferred inflows of resources decreased by \$0.2 million over the prior year. Deferred pension inflows decreased by \$2.5 million and deferred OPEB inflows increased by \$2.3 million. Deferred inflows of resources include the calculated difference between actual and projected investment earnings on the State’s pension and retiree health benefit plans.

Net Position

Total net position for the year is \$55.0 million, an increase of \$27.2 million from the prior year. Net investments in capital assets increased by \$0.6 million. Restricted net position has increased by \$4.5 million.

Unrestricted net position (deficit) increased by \$22.1 million. The College’s proportionate share of the State’s net pension liability and net OPEB liability and related deferred inflows and outflows of resources resulted in a \$8.7 million increase in unrestricted position, over the prior year. Unrestricted net position (deficit) also consists of amounts related to the College’s 30-day operating reserve that excludes

nonessential expenses totaling \$7.5 million and unrestricted Enterprise Campus Authority funds of \$5.4 million.

The following chart is a graphic representation of the College’s net position (deficit) at June 30, 2024 and 2023.

**Comparative Net Position
As of June 30, 2024 and 2023
(in millions)**

STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

The Statement of Revenues, Expenses, and Changes in Net Position present and categorize revenues earned and expenses incurred during the year by operating and non-operating. Generally, operating revenues and expenses are those that are received and used to carry out the mission of the College. The College depends on financial support from the State and counties for which services are provided. This support is reflected as non-operating revenue based on governmental accounting standards. The College will always reflect an operating deficit due to the dependence on federal, state, and local funding. Non-operating revenues and expenses offset the operating deficit and result in an overall decrease in net position (deficit) for the year. State capital appropriations and capital grants and gifts are considered neither operating nor non-operating revenues and are reported after “gain before capital grants, gifts, other revenues, and appropriations.”

Operating Results

The following schedule summarizes the College's operating results for fiscal year ended June 30, 2024, with comparative data for fiscal year ended June 30, 2023.

Condensed Summary of Revenues, Expenses, and Changes in Net Position Fiscal Years 2024 and 2023 (in millions)

	2024	2023	Increase (Decrease)	Percent Change
Operating Revenues				
Tuition and Fees	\$ 26.7	\$ 30.7	\$ (4.0)	(13.0)%
Grants and Contracts	26.9	22.5	4.4	19.6%
Auxiliary	2.7	1.1	1.6	145.5%
Other	1.0	1.4	(0.4)	(28.6)%
Total Operating Revenues	57.3	55.7	1.6	2.9%
Less Operating Expenses	103.4	115.3	(11.9)	(10.3)%
Net Operating Loss	(46.1)	(59.6)	13.5	22.7%
Non-Operating Revenues				
State Appropriations	31.7	26.7	5.0	18.7%
Local Appropriations	19.0	18.1	0.9	5.0%
Grants and Contracts	17.7	26.4	(8.7)	(33.0)%
Other	5.4	2.4	3.0	125.0%
Total Non-Operating Revenues	73.8	73.6	0.2	0.3%
Interest Expense	(0.5)	(0.7)	0.2	28.6%
Increase in Net Position	27.2	13.3	13.9	104.5%
Net Position (Deficit), Beginning of Year	27.8	14.5	13.3	91.7%
Net Position (Deficit), End of Year	\$ 55.0	\$ 27.8	\$ 27.2	97.8%
Total Revenues	\$ 131.1	\$ 129.3	\$ 1.8	1.4%

Revenue

Total revenue increased by \$1.8 million, which is an increase of 1.4% over the prior year.

Operating revenue increased by \$1.6 million. The College did not implement a tuition increase during the fiscal year. Full-time equivalent enrollment decreased by 1.3%. The changes in operating revenue are explained as follows:

- Tuition and fees, net decreased by \$4.0 million due to an increase in the scholarship allowance amount and enrollment decline.
- Auxiliary revenue increased by \$1.6 million.
- Other operating revenue decreased by \$0.4 million.
- Federal and state grants increased by \$4.4 million primarily due to the South Carolina Workforce Industry Needs Scholarship (SCWINS).

Non-operating revenues increased by \$0.2 million. The changes in non-operating revenues are explained as follows:

- State appropriations increased by \$5.0 million.
- Local appropriations increased by \$0.9 million.
- Non-operating grants and contracts decreased by \$8.7 million due to the end of HEERF funding.

- Other non-operating revenue increased by \$3.0 million due to an increase in investment income.

The following graph represents sources and percentages of revenue to the College for the fiscal year.

Revenue by Source Fiscal Year 2024

Expenses

Operating expenses were \$103.4 million for the fiscal year, a decrease of \$11.9 million or 10.3% over the prior year. The changes in operating expenses are explained as follows:

- Scholarships decreased by \$14.7 million due to the end of HEERF funding.
- Depreciation decreased by \$0.5 million.
- Utilities increased by \$0.3 million.
- Supplies and other expenses increased by \$0.3 million.
- Salaries increased by \$3.1 million due to a state funded salary increase for all full-time equivalent employees.
- Benefits increase by \$1.6 million.
- Benefits related to pension expense increased by \$1.1 million. Benefits related to OPEB expense decreased by \$3.1 million.

The following graphs depict operating expenses by function for fiscal year ended June 30, 2024, and a comparison of operating expenses by function for fiscal years ended 2024 and 2023.

Fiscal Years 2024 and 2023**

STATEMENT OF CASH FLOWS

The Statement of Cash Flows is the final statement to be presented. It presents detailed information about the cash activity of the College during the year and provides the reader with the sources and uses of cash by the major categories of operating, non-capital financing, capital and related financing, and investing activities. This statement will always show a net use of cash in the section "Cash Flows from Operating Activities" due to the College's dependence on federal grants, state and local appropriations.

The statement is divided into five parts. The first section reflects the operating cash flows and shows the net cash used by the operating activities of the College. The second section reflects cash flows from non-capital financing activities. This section shows the cash received and spent for non-operating, non-investing, and non-capital financing activities. The third section reflects cash flows from capital and related financing activities and shows the cash used for the acquisition and construction of capital and related items. The fourth section reflects the cash flows from investing activities and shows the purchases, proceeds, and interest received from investing activities. The final section reconciles the net cash used by operating activities to the operating loss reflected on the Statement of Revenues, Expenses, and Changes in Net Position.

Cash increased by approximately \$1.5 million from last fiscal year. Net cash flows from operating activities increased by \$2.7 million as seen in the chart below.

Cash flows from non-capital financing activity decreased an additional \$6.2 million. Capital and related financing activities increased cash by \$9.0 million primarily due to the sale of capital assets. Net cash provided by investing activities resulted in a decrease of \$4.0 million from the prior period due to the purchase of investments.

**Condensed Summary of Cash Flow
Fiscal Years 2024 and 2023
(in millions)**

	2024	2023	Increase (Decrease)
Net cash flow used by operating activities	\$ (51.6)	\$ (54.3)	\$ 2.7
Net cash flow provided by non-capital financing activities	60.1	66.3	(6.2)
Net cash (used)/provided by capital and related financing activities	3.2	(5.8)	9.0
Net cash used by investing activities	(10.0)	(6.0)	(4.0)
Net increase in cash	1.7	0.2	1.5
Cash – beginning of year	20.7	20.5	0.2
Cash – end of year	\$ 22.4	\$ 20.7	\$ 1.7

Debt Administration

The College's financial statements reflect \$19,358,700 in bonds payable. These bonds are general obligation bonds of the State backed by the full faith, credit, and taxing power of the State. Tuition revenue is pledged in excess of the amount of annual debt requirements for the annual payment of principal and interest on the bonds to meet bond covenants, see Note 13.

Economic Factors

The economic condition of the College is dependent to a large degree on that of student tuition and fees, along with support of the State and local governments. Tuition increases related to planned improvements is the financial ability of the College to implement new programs, fund new facilities, and provide improved supplies and equipment for the College. Student enrollment has decreased compared to the prior year. Local government support for the College remains strong and continues to provide funding for ongoing maintenance, renovation, and construction of new facilities. The State of South Carolina's General Fund revenue collections increased significantly over the prior year. The State's actual revenue collections exceeded the beginning-of-year estimates by \$1.2 billion. The College anticipates the financial outlook for FY 2024-2025 will remain stable.

Requests for Information

Additional information or questions concerning any of the information provided should be requested from the College's Associate Vice President for Business Affairs at Midlands Technical College, PO Box 2408, Columbia, SC 29202, or by email at smithsw@midlandstech.edu.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Midlands Technical College (the College), a member institution of the South Carolina Technical College System, provides a range of educational programs to meet the needs of the adult and high school age population of Richland, Lexington, and Fairfield counties. Included in this range of programs are technical and occupational associate degree, diploma, and certificate curricula that are consistent with the needs of employers in the College's service area. As an integral part of this mission, the College provides a program of continuing education designed to satisfy the occupational demands of employers through retraining and upgrading the skills of individual employees. The College also provides a variety of developmental education programs, support services, and offerings to assist students in meeting their personal and professional educational objectives.

Reporting Entity

The financial reporting entity, as defined by the Governmental Accounting Standards Board (GASB), consists of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the reporting entity are such that exclusion could cause the financial statements to be misleading or incomplete. Accordingly, the financial statements include the accounts of Midlands Technical College, as the reporting entity, Midlands Technical College Enterprise Campus Authority (the Authority), and the accounts of the Midlands Technical College Foundation (the Foundation), its component units. The College is reported as a discretely presented component unit in the State of South Carolina's Annual Comprehensive Financial Report. However, based on the nature and significance of the Foundation's relationship with the State of South Carolina, the Foundation is not a component unit of the State of South Carolina.

The Midlands Technical College Enterprise Campus Authority (the Authority) was established in 2004 by SC Act 200, codified as sub-article 3, Article 20, Chapter 53, Title 59, of the 1976 South Carolina Code of Laws, as amended. For accounting purposes, the Authority is considered a component unit of Midlands Technical College. The Authority was established to provide for the management, development, and operation of the Enterprise Campus of Midlands Technical College, located on the Northeast

Campus. The Board of the Authority consists of the members of the Midlands Technical College Commission. The activity of the Authority is blended in the financial statements of the College.

The Midlands Technical College Foundation, Inc., (the Foundation) is a private not-for-profit organization that was formed August 12, 1970, to benefit and support education at Midlands Technical College.

The Foundation is a legally separate, tax-exempt component unit of the College. The Foundation acts primarily as a fundraising organization to supplement the resources that are available to the College in support of its programs. The Board of the Foundation is self-perpetuating and consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon that the Foundation holds and invests are restricted to the activities of the College or its students by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

Financial Statements

The financial statements of the College and its blended component unit are presented in accordance with GASB Standards. The financial statement presentation required by these standards provides a comprehensive, entity-wide perspective of the College's net position (deficit), revenues, expenses, changes in net position (deficit), and cash flows.

The financial statements of the Midlands Technical College Foundation are presented in accordance with the accounting principles generally accepted in the United States of America for not-for-profit organizations as issued by the Financial Accounting Standards Board (FASB) through its Accounting Standards Codification. The Foundation's revenue and expenses are recognized as increases and decreases in one of two net asset classifications – without donor restrictions and with donor restrictions.

Financial statements for the Foundation can be obtained by mailing a request to Midlands Technical College Foundation, PO Box 2408, Columbia, South Carolina 29202.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Student tuition and auxiliary enterprise fees are presented net of scholarships and fellowships applied to student accounts, while stipends and other payments made directly are presented as scholarship expenses. All significant intra-institutional transactions have been eliminated.

The Foundation's statements are presented on the accrual basis of accounting in accordance with FASB pronouncements. Therefore, certain revenue recognition criteria and presentation features are different from GASB criteria and presentation features. No modifications have been made to the Foundation's financial statements included in the College's financial reporting entity for these differences.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the use of estimates. Actual amounts may differ from the estimates used.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the South Carolina State Treasurer's Office are considered cash equivalents.

Investments

Deposits and investments for the College are governed by the South Carolina Code of Laws, Section 11-9-660, "Investments of Funds." Governmental Accounting Standards require disclosures related to deposit risks, such as custodial credit risk; and investment risks, such as credit risk (including custodial credit risk and concentrations of credit risks) and interest rate risk. The College accounts for

its investments at fair value. Changes in unrealized gain (loss) on the fair value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net position.

Accounts Receivable

Accounts receivable consists of tuition and fee charges to students, gift pledges, certain state and local funding; and auxiliary enterprise services provided to students, faculty, and staff. Accounts receivable also includes amounts due from the federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grants and contracts. Accounts receivable are recorded net of estimated uncollectible amounts.

Capital Assets

Capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation in the case of gifts. The College follows capitalization guidelines established by the State of South Carolina. All land is capitalized, regardless of cost. Qualifying improvements that rest in or on the land itself are recorded as depreciable land improvements. Major additions and renovations and other improvements that add to the usable space, prepare existing buildings for new uses, or extend the useful life of an existing building are capitalized. The College capitalizes movable personal property with a unit value in excess of \$5,000 or more and a useful life in excess of two years; depreciable land improvements, buildings and improvements; and intangible assets costing \$100,000 or more.

Routine repairs and maintenance and library materials, except individual items costing \$5,000 or more, are charged to operating expenses in the year in which the expense is incurred. Certain works of art are considered inexhaustible. These capital assets are not subject to depreciation.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 50 years for buildings and improvements and land improvements and 2 to 25 years for machinery, equipment, and vehicles. Depreciation is recognized in the month of purchase on prorata basis of days placed in service. At the end of the life of the asset, a prorated amount of depreciation is recognized for the days within the month until the assets are removed from service.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The College is a lessee for multiple noncancellable leases of equipment. The College recognizes a lease liability and an intangible right to use lease asset in the financial statements for each of these transactions. At the commencement of each lease, the College initially measures the lease liabilities at the present value of payments expected to be made during the lease term. Subsequently, the lease liabilities are reduced by the principal portions of payments made. The lease assets are initially measured as the initial amount of the individual lease liabilities, adjusted for any payments made at or before the commencement dates, plus certain initial indirect costs. The lease assets are amortized using the straight-line method over the lease term.

The College has entered into multiple subscription-based information technology arrangements (SBITA). The College recognizes a subscription liability and an intangible right to use subscription asset in the financial statements for each of these transactions costing \$100,000 or more. At the commencement of each subscription arrangement, the College initially measures the subscription liabilities at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liabilities are reduced by the principal portions of payments made. The subscription assets are initially measured as the initial amount of the individual subscription liabilities, adjusted for any payments made at or before the commencement dates, plus certain initial indirect costs. The subscription assets are amortized using the straight-line method over the subscription term.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represent a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time.

Unearned Revenues and Deposits

Unearned revenues include amounts received for tuition and fees and certain auxiliary activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Deposits represent student fee refunds and other miscellaneous deposits. Student deposits are recognized as revenue during the semester for which the fee is applicable, and earned when the deposit is nonrefundable to the student under the forfeit terms of the agreement.

Compensated Absences

Employee vacation pay expense is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as a component of current and long-term liabilities in the statement of net position and as a component of benefit expenses in the statement of revenues, expenses, and changes in net position.

Pension Liability

As required under Government Accounting Standards, the College recognizes in their financial statements their proportionate share of pension liability as a participant in the South Carolina Retirement Systems. See Note 6 for additional information.

Other Postemployment Benefits (OPEB) Liability

As required under Government Accounting Standards, the College recognizes in their financial statements their proportionate share of other postemployment benefits (OPEB) liability as a participant in the State of South Carolina's cost-sharing retiree health insurance trust fund. See Note 7 for additional information.

Net Position (Deficit)

The College's net position (deficit) is classified as follows:

- *Net investment in capital assets:* This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- *Restricted net position – expendable:* Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.
 - *Restricted net position – non-expendable:* Non-expendable restricted net position consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal. The College does not currently report any net position in this classification.
 - *Unrestricted net position (deficit):* Unrestricted net position (deficit) represent resources derived from student tuition and fees, appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.
- *Operating revenues and expenses:* Operating revenues generally result from exchange transactions to provide goods or services related to the College's principal ongoing operations. These revenues include (1) student tuition and fees received in exchange for providing educational services and other related services to students; (2) receipts for scholarships where the provider has identified the student recipients; (3) fees received from organizations and individuals in exchange for miscellaneous goods and services provided by the College; and (4) grants and contracts that are essentially the same as contracts for services that finance programs the College would not otherwise undertake. Operating expenses include all expense transactions incurred other than those related to investing, non-capital, or non-capital financing activities.
 - *Non-operating revenues and expenses:* Non-operating revenues include activities that have the characteristics of non-exchange transactions. These revenues include gifts and contributions, appropriations, investment income, and any grants and contracts that are not classified as operating revenue or restricted by the grantor to be used exclusively for capital purposes.

Sales and Services of Educational and Other Activities

Revenues from sales and services of educational and other activities generally consist of amounts received from instructional activities that incidentally create goods and services that may be sold to students, faculty, staff, and the general public. The College receives such revenues primarily from the automotive and dental auxiliary departments.

Auxiliary Enterprises and Internal Service Activities

Auxiliary enterprise revenues primarily represent revenues generated by bookstores, food services, the Authority facility rentals, and vending. Revenues of internal service and auxiliary enterprise activities and the related expenditures of College departments have been eliminated.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain

The College's policy for applying expenses that can use both restricted and unrestricted resources is delegated to the departmental administrative level. General practice is to first apply the expense to restricted resources and then to unrestricted resources.

Income Taxes

The College is exempt from income taxes under the Internal Revenue Code.

Classification of Revenues and Expenses

The College has classified its revenues and expenses as either operating or non-operating according to the following criteria:

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

governmental grants and other federal, state or non-governmental programs are recorded as operating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Capitalized Interest

The College's policy is to capitalize as a component of construction in progress interest cost in excess of earnings on debt associated with capital projects that will be capitalized in the applicable capital asset categories upon completion. The College incurred \$454,036 of interest cost during the year ended June 30, 2024, all of which was expensed.

Discretely Presented Component Unit

What follows below are the more significant accounting policies of the College's Discretely Presented Component Unit (Midlands Technical College Foundation).

The financial statement presentation by the Foundation is in accordance with the accounting principles generally accepted in the United States of America for not-for-profit organizations as issued by the Financial Accounting Standards Board (FASB) through its Accounting Standards Codification (ASC). The guidance from FASB requires organizations like the Foundation to report information regarding its financial position and activities according to two classes of net assets as follows:

- *Without Donor Restrictions* – Net assets that are not subject to or are no longer subject to donor-imposed stipulations.
- *With Donor Restrictions* –
 - *Restricted by purpose or time* – Net assets that are subject to donor-imposed stipulations that will be met by actions of the Foundation and/or passage of time.
 - *Restricted in perpetuity* – Net assets that are subject to donor-imposed stipulations that require them to be maintained permanently by the Foundation. Generally, the donors of these assets

permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

Revenue, Gains and Other Support and Expenses and Losses – Revenues are reported as increases in the net assets classification without donor restriction unless use of the related assets is limited by donor-imposed restrictions. Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized as revenue until the conditions on which they depend are substantially met. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as without donor restriction support. Increases in the allowance for uncollectible pledges are netted against contribution income. Expenses are reported as decreases in the without donor restrictions net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in without donor restriction net assets unless their use is restricted by explicit donor stipulation or by law.

Donated Services, Goods, and Facilities – A substantial number of hours to the Foundation's program services and fundraising campaigns during the year; however, these donated services are not reflected in the financial statements since the services do not require specialized skills. During the year ended June 30, 2024, the Foundation received in-kind contributions valued at \$13,585. Substantially, all contributions of equipment to the Foundation become property of the College upon receipt of the property from the donor. Accordingly, the Foundation records the contributions at their fair value with an offset to college support in these financial statements.

Cash and Cash Equivalents – Cash and cash equivalents consist of cash held in checking and money market accounts with maturities of less than 90 days. Management believes the Foundation is not exposed to any significant credit risk on cash or cash equivalents.

Investments – Investments in marketable securities with readily determinable fair market values and all investments in debt securities are valued at their fair values in the statement of financial position. Investment in real estate is reported at the lower of cost or market. Investment income or loss (including gains and losses on investments, interest, and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

income or loss is restricted by donor or law. Securities or other investments donated are recorded at their market value at the date of the gift.

Concentrations of Credit and Market Risk – Financial instruments that potentially expose the Foundation to concentrations of credit and market risk consist primarily of cash equivalents and investments. Cash equivalents are maintained at high-quality financial institutions and credit exposure is not limited to any one institution. The Foundation has not experienced any losses on its cash equivalents. Management believes that the Foundation’s

investment portfolio is adequately diversified among issuers. In addition, management believes that the Foundation has the ability to hold its investment portfolio during periods of temporary market declines.

Income Taxes – Midlands Technical College Foundation, Inc. has received a determination letter from the Internal Revenue Service that it is exempt from federal income taxes under Section 501 (c)(3) of the Internal Revenue Code (the “IRC”). However, it would be subject to tax on income unrelated to its exempt purposes (unless that income is otherwise excluded by the IRC). The tax years ending June 30, 2024, 2023, 2022, and 2021 are still open to audit for both federal and state purposes. The Foundation is not classified as a private foundation.

NOTE 2 – STATE APPROPRIATIONS

State funds for the South Carolina Technical College System are appropriated to the State Board for Technical and Comprehensive Education (the Board), and the Board allocates funds budgeted for the technical colleges in a uniform and equitable manner. Appropriations are recognized as revenue when received and available.

Amounts that are not expended by fiscal year-end lapse are required to be returned to the General Fund of the State unless the Board receives authorization from the General Assembly to carry the funds over to the next year.

The following is a reconciliation of the State appropriations revenue reported in the financial statements for the fiscal year ended June 30, 2024:

Non-Capital and State Capital Appropriations	
Non-Capital Appropriations:	
Appropriations per State Board allocation	\$ 24,814,075
Other:	
Workforce Scholarship and Grants	130,950
Nursing Funding	569,824
Critical Needs Nursing Initiative	29,076
Pathways	37,784
QuickJobs	924,015
Dual Enrollment	3,031,176
Total Non-Capital Appropriations	29,536,900
Capital Appropriations:	
State Capital	234,898
Lottery Technology	406,728
High Demand Job Skill Training Equipment	1,516,975
Total Capital Appropriations	2,158,601
Total Non-Capital and State Capital Appropriations	\$ 31,695,501

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits – Deposits include cash and cash equivalents on deposit in banks and are held by the State Treasurer. At year-end, the College’s carrying amount of deposits with banks was \$14,935,336. The bank balances were \$15,235,898, of which \$2,748,007 was covered by FDIC insurance. The balance was collateralized with securities held by a third-party financial institution (as the College’s agent) in the College’s name.

Restricted Cash – The State Treasurer held \$9,238,664 in its pooled cash funds in the College’s name. Restricted cash includes \$3,294,936 held for debt service reserve funds and \$5,943,728 held for maintenance, repair, and replacement as required by bond indentures. State law requires full collateralization of all State Treasurer bank balances. The State Treasurer must correct any deficiencies in collateral within seven days. With respect to investments in the State’s internal cash management pool, all of the State Treasurer’s investments are insured or registered or are investments for which the securities are held by the State or its agent in the State’s name. Information pertaining to the reported amounts, fair values, and credit risk of the State Treasurer’s investments is disclosed in the Annual Comprehensive Financial Report of the State of South Carolina.

Foreign Currency Risk – Foreign currency risk is the risk that variances in exchange rates will adversely affect the fair value of a deposit. The College’s policy is to not maintain deposits that are denominated in a currency other than the United States dollar, and therefore, is not exposed.

Investments – The College’s investments at June 30, 2024, are *not* with the South Carolina State Treasurer’s Office and are alternatively held by certain financial institutions in the College’s name. The fair value of investments at June 30, 2024, consists solely of certificates of deposits or United States government-backed securities with maturities of one to three years. All of the securities for the reporting period were either fully collateralized or insured by the Federal Deposit Insurance Corporation.

Custodial Credit Risk – Custodial credit risk for investments is the risk that, in the event of the failure of a counterparty to a transaction, the College will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. The College’s

investment policy limits its investments to the safest types of securities, and structures its investment portfolio so securities mature to meet cash requirements for ongoing operations, which therefore prevents the need to sell securities prior to maturity. The College monitors its investments periodically to ensure that the collateral exceeds the market value of investments.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College’s policy regarding credit risk of investments is that it only uses high-quality brokers and financial institutions to manage its investment portfolios. In addition, the College’s investments include only obligations of the United States Government Sponsored Enterprise Debt.

All Agencies carry credit ratings of Moody’s Aaa long term and P-1 short term and S&P is AA+ long term and A-1 short term. The Agencies strive to maintain the market perception of credit risk on par with that of the U.S. Government.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer.

Credit Risk Concentration – Investments by issuers are as follows:

	Fair Value	% of Investments
Federal Home Loan Bank	\$ 73,633,300	61.1%
Federal Farm Credit Bank	20,389,089	16.9%
Freddie Mac Discount Note	13,470,192	11.2%
Fannie Mae	10,053,714	8.4%
U.S. Treasury	2,929,922	2.4%
Total	\$ 120,476,217	100.0%

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 3 – DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. It occurs because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase, thereby affording potential purchasers more favorable rates on essentially equivalent securities. Part of the interest rate risk experienced with debt securities is maturity risk. The College’s investment policy is to structure its investment portfolio so securities mature to meet cash requirements for ongoing operations to prevent the need to liquidate securities prior to maturity.

	Fair Value	Investment Maturity	
		Less than 1 Year	1-2 Years
Bonds	\$ 120,476,217	\$ 54,379,504	\$ 66,096,713
Certificates of Deposits	1,748,007	1,748,007	-
Total Investments	<u>\$ 122,224,224</u>	<u>\$ 56,127,511</u>	<u>\$ 66,096,713</u>

College’s Policy Regarding Custodial Risk and Interest Rate Risk for Investments

Investment Risk – The College’s investment policy states that its primary objectives in priority order of investment activities shall be preservation of capital, liquidity, and yield. The College has no formal investment policy regarding custodial credit risk, although primary objectives are adhered to in accordance with management policy.

A reconciliation of the College’s deposits and investments on its statement of net position to this footnote disclosure is as follows:

STATEMENT OF NET POSITION:

Cash and cash equivalents	\$ 13,190,795
Restricted cash and cash equivalents	9,238,664
Short term investments	122,224,224
Total statement of net position	<u>\$ 144,653,683</u>

DEPOSITS AND INVESTMENTS NOTES:

Carrying value of deposits	\$ 14,935,336
Cash on hand	3,466
Held by State Treasurer	9,238,664
Investments	120,476,217
Total deposit and investments notes	<u>\$ 144,653,683</u>

MIDLANDS TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS

- CONTINUED -

NOTE 4 – RECEIVABLES

Accounts receivable as of June 30, 2024, including applicable allowances, were as follows:

Receivables:	
Student accounts	\$ 7,044,866
Company accounts	1,122,022
Federal grants and contracts	880,707
State grants and contracts	1,369,783
Local government	619,127
Other receivables	145,913
Less: Allowance for uncollectibles	<u>(1,243,000)</u>
Receivables, net	<u>\$ 9,939,418</u>

Allowances for losses for student accounts receivable are established based upon actual losses experienced in prior years and evaluations of the current account portfolio.

Contributions Receivable – Discretely Presented Component Unit

Unconditional promises to give as of June 30, 2024, are due as follows:

Within one year	\$ 1,498,137
One to five years	<u>477,507</u>
Total	1,975,644
Allowance for uncollectible pledges	(400)
Present value discount	<u>(154,781)</u>
Contributions receivable, net	<u>\$ 1,820,463</u>

The discount to net present value was calculated using the estimated earnings rate of 5.85% as of June 30, 2024.

NOTE 6 – PENSION PLANS

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, is the state agency responsible for the administration and management of the retirement systems and benefit programs of the State of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the State's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

PEBA issues an Annual Comprehensive Financial Report (ACFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The ACFR is publicly available through PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is a division of the primary government of the State of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR for the State.

Plan Descriptions

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the State and its political subdivisions. SCRS covers employees of state agencies, public school districts and participating charter schools, public higher education institutions, other participating local subdivisions of government and individuals first elected to the South Carolina General Assembly at or after the general election in November 2012.

The State Optional Retirement Program (State ORP) is a defined contribution plan that is offered as an alternative to SCRS to newly hired state, public higher education institution and public school district employees, as well as individuals first elected to the South Carolina General Assembly at or after the general election in November 2012. State ORP participants direct the investment of their funds into an account administered by one of four third party service providers. PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the four third party service providers. For this reason, State ORP assets are not part of the retirement systems' trust funds for financial statement purposes.

The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 6 – PENSION PLANS (Continued)

SCRS – Generally, all employees of covered employers are required to participate in and contribute to the system as a condition of employment. This plan covers general employees and teachers and individuals first elected to the South Carolina General Assembly at or after the general election in November 2012. A member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. A member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

State ORP – As an alternative to membership in SCRS, newly hired state, public school and higher education employees, as well as individuals first elected to the South Carolina General Assembly at or after the general election in November 2012 have the option to participate in the State ORP. Contributions to the State ORP are at the same rates as SCRS. A direct remittance is required from the employer to the member's account with the ORP service provider for the employee contribution and a portion of the employer contribution (5 percent). A direct remittance is also required to SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by SCRS.

PORS – To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the State; to prevent and control property destruction by fire; be a coroner in a full-time permanent position; or be a peace officer employed by the Department of Corrections, the Department of Juvenile Justice or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. A member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. A member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of the benefit terms for each system is presented below.

SCRS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

PORS - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 6 – PENSION PLANS (Continued)

who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period

that does not exceed the number of years scheduled in state statute. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation included a further provision that if the scheduled contributions are not sufficient to meet the funding periods set in state statute, the PEBA board would increase the employer contribution rates as necessary to meet the funding periods set for the applicable year.

Pension reform legislation modified statute such that the employer contribution rates for SCRS and PORS to be further increased, not to exceed one-half of one percent in any one year if necessary, in order to improve the funding of the plans. The statute set rates intended to reduce the unfunded liability of SCRS and PORS to the maximum amortization period of 20 years from 30 years over a ten-year schedule, as determined by the annual actuarial valuations of the plan. Finally, under the revised statute, the contribution rates for SCRS and PORS may not be decreased until the plans are at least 85 percent funded.

Required *employee* contribution rates¹ are as follows:

	<u>Fiscal Year 2024¹</u>	<u>Fiscal Year 2023¹</u>
SCRS		
Employee Class Two	9.00%	9.00%
Employee Class Three	9.00%	9.00%
State ORP		
Employee	9.00%	9.00%
PORS		
Employee Class Two	9.75%	9.75%
Employee Class Three	9.75%	9.75%

¹ Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws.

Required *employer* contribution rates¹ are as follows:

	<u>Fiscal Year 2024¹</u>	<u>Fiscal Year 2023¹</u>
SCRS		
Employer Class Two	18.41%	17.41%
Employer Class Three	18.41%	17.41%
Employer Incidental Death Benefit	0.15%	0.15%
State ORP		
Employer Contribution ²	18.41%	17.41%
Employer Incidental Death Benefit	0.15%	0.15%
PORS		
Employer Class Two	20.84%	19.84%
Employer Class Three	20.84%	19.84%
Employer Incidental Death Benefit	0.20%	0.20%
Employer Accidental Death Program	0.20%	0.20%

¹ Calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws.

² Of this employer contribution, 5% of earnable compensation must be remitted by the employer directly to the ORP service provider to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 6 – PENSION PLANS (Continued)

The College’s actual contributions to the SCRS for the years ended June 30, 2024 and 2023 were approximately \$7,235,650 and \$6,516,746, respectively, and equaled the base required retirement contribution rate, excluding retiree insurance surcharge and incidental death benefit program contributions of 18.41% for fiscal year ended June 30, 2024 and 17.41% for fiscal year ended June 30, 2023. Also, the College paid employer incidental death benefit program contributions of approximately \$58,954 and \$56,147, at the rate of 0.15% of compensation for the fiscal years ended June 30, 2024 and 2023, respectively.

The College’s actual contributions to the PORS for the years ended June 30, 2024 and 2023 were approximately \$128,573 and \$102,567, respectively, and equaled the base retirement required contribution rate, excluding surcharge and death program contributions of 20.84% for 2024 and 19.84% for 2023. The College also paid employer incidental death benefit program contributions of approximately \$1,234 and \$1,034, at the rate of 0.20% of compensation for the current fiscal years ended June 30, 2024 and 2023, respectively. In addition, the College paid accidental death program contributions of approximately \$1,234 and \$1,034, at the rate of 0.20% of compensation for the current fiscal years ended June 30, 2024 and 2023, respectively.

For fiscal year 2024, total contributions requirements to the ORP were approximately \$932,526 (excluding the surcharge)

from the College as employer and approximately \$625,856 from its employees as plan members.

Actuarial Assumptions and Methods

Actuarial valuations of the ongoing plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019.

The June 30, 2023, total pension liability (TPL), net pension liability (NPL), and sensitivity information shown in this report were determined by our consulting actuary, Gabriel, Roeder, Smith, & Company (GRS) and are based on an actuarial valuation performed as of July 1, 2022. The total pension liability was rolled-forward from the valuation date to the plans’ fiscal year end, June 30, 2023, using generally accepted actuarial principles. There was no legislation enacted during the 2023 legislative session that had a material change in the benefit provisions for any of the systems.

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2023:

	SCRS	PORS
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate or Return ¹	7.0%	7.0%
Projected Salary Increases	3.0% to 11.0% (varies by service) ¹	3.5% to 10.5% (varies by service) ¹
Benefit adjustments	Lesser of 1% or \$500 annually	Lesser of 1% or \$500 annually

¹ Includes inflation at 2.25%

The post-retiree mortality assumption is dependent upon the member’s job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table (2020 PRSC), was developed using the Systems’ mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 6 – PENSION PLANS (Continued)

Assumptions used in the determination of the June 30, 2023, TPL are as follows:

Former Job Class	Males	Females
Educators	2020 PRSC Males multiplied by 95%	2020 PRSC Females multiplied by 94%
General Employees and Members of the General Assembly	2020 PRSC Males multiplied by 97%	2020 PRSC Females multiplied by 107%
Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%

Net Pension Liability

The NPL is calculated separately for each system and represents that particular system's TPL determined in accordance with GASB 67 less that system's fiduciary net position. NPL totals, as of June 30, 2023, for SCRS and PORS are presented below.

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Pension Liability (Asset)	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability
SCRS	\$ 58,464,402,454	\$ 34,286,961,942	\$ 24,177,440,512	58.6%
PORS	\$ 9,450,021,576	\$ 6,405,925,370	\$ 3,044,096,206	67.8%

The TPL is calculated by the Systems' actuary, and each plan's fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB 67 and 68 are not applicable for other purposes, such as determining the plans' funding requirements.

At June 30, 2024, the College reported \$80,499,680 for its proportionate share of the net pension liabilities of SCRS and \$888,126 for PORS. The net pension liability defined of the

SCRS and PORS defined benefit pension plan was determined based on the July 1, 2022 actuarial valuations, using the most recent membership data, projected forward to June 30, 2023, and financial information of the pension trust funds as of June 30, 2023, using generally accepted actuarial procedures. The College's portion of the net pension liability was based on the College's share of contributions to the pension plans relative to the contributions of all participating entities. At June 30, 2023, the College's SCRS proportion was 0.333% and 0.029% for PORS. For the year ended June 30, 2024, the College recognized a reduction of pension expense of \$4,214,717 for SCRS and \$30,913 for PORS.

MIDLANDS TECHNICAL COLLEGE

NOTE 6 – PENSION PLANS (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2024, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

South Carolina Retirement System (SCRS):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,397,614	\$ (223,238)
Net differences between projected and actual investment earnings	-	(110,187)
Assumption changes	1,233,371	-
Deferred amounts from changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	-	(4,239,595)
Contributions subsequent to the measurement date	8,237,561	-
Total SCRS Outflows and Inflows of Resources	\$ 10,868,546	\$ (4,573,020)

Police Officers Retirement System (PORS):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 41,796	\$ (10,949)
Net differences between projected and actual investment earnings	-	(1,524)
Assumption changes	19,329	-
Deferred amounts from changes in proportionate share and differences between employer contributions and proportionate share of total plan employer contributions	36,285	(29,798)
Contributions subsequent to the measurement date	131,040	-
Total PORS Outflows and Inflows of Resources	\$ 228,450	\$ (42,271)

The College reported \$8,237,561 for SCRS and \$131,040 for PORS as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	SCRS	PORS	Net
2025	\$ 1,176,279	\$ (21,734)	\$ 1,154,545
2026	2,804,495	18,805	2,823,300
2027	(2,085,957)	(53,138)	(2,139,095)
2028	47,218	928	48,146
	\$ 1,942,035	\$ (55,139)	\$ 1,886,896

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return

represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 6 – PENSION PLANS (Continued)

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2023 fiscal year. The long-term expected rate of return is produced by weighting the expected future

real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table on the following page. For actuarial purposes, the 7 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

Allocation/Exposure	Policy Target	Expected Arithmetic Real Rate of Return	Long-Term Expected Portfolio Real Rate of Return
Public Equity	46.0%	6.62%	3.04%
Bonds	26.0%	0.31%	0.08%
Private Equity ¹	9.0%	10.91%	0.98%
Private Debt ¹	7.0%	6.16%	0.43%
Real Assets	12.0%		
Real Estate ¹	9.0%	6.41%	0.58%
Infrastructure ¹	3.0%	6.62%	0.20%
Total Expected Return ²	100%		5.31%
Inflation for Actuarial Purposes			2.25%
			<u>7.56%</u>

¹RSIC staff and consultant will notify the Commission if the collective exposure to Private Equity, Private Debt and Private Real Assets exceeds 30 percent of total plan assets.

²Portable Alpha Strategies, which are not included in the Policy Target, will be capped at 15% of total assets; hedge funds (including all hedge funds used in portable alpha implementation) are capped at 15% of total assets.

Discount Rate

The discount rate used to measure the TPL was 7 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity Analysis

The following table represents the College's proportionate share of the net SCRS and PORS pension liabilities calculated using the discount rate of 7 percent, as well as what the College's respective net pension liabilities would be if it were calculated using a discount rate that is 1 percent lower (6 percent) or 1 percent higher (8 percent) than the current rate.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

Plan	1% Decrease 6.0%	Current Rate 7.0%	1% Increase 8.0%
SCRS	\$ 104,013,262	\$ 80,499,680	\$ 60,956,002
PORS	1,252,837	888,126	589,383
Total	<u>\$ 105,266,099</u>	<u>\$ 81,387,806</u>	<u>\$ 61,545,385</u>

Deferred Compensation Plans

Several optional deferred compensation plans are available to state employees and employers of its political subdivisions. Certain employees of the College have elected to participate. The multiple-employers plans, created under Internal Revenue Code Sections 457, 401(k), and 403(b), are administered by third parties and are not included in the Annual Comprehensive Financial Report of the State of South Carolina.

Compensation deferred under the plans is placed in trust for the contributing employee. The State has no liability for losses under the plans. Employees may withdraw the current value of their contributions when they terminate state employment. Employees may also withdraw contributions prior to termination if they meet requirements specified by the applicable plan.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 7 – POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS

The South Carolina Public Employee Benefit Authority (PEBA) was created by the South Carolina General Assembly as part of Act No. 278 effective July 1, 2012. PEBA – Insurance Benefits is a state agency responsible for the administration and management of the state’s employee insurance programs, other post-employment benefits and retirement systems and is part of the State of South Carolina primary government.

The governing board of PEBA is a board of 11 members. The membership composition is three members appointed by the Governor, two members appointed by the President Pro Tempore of the Senate, two members appointed by the Chairman of the Senate Finance Committee, two members appointed by the Speaker of the House of Representatives and two members appointed by the Chairman of the House Ways and Means Committee. Individuals appointed to the PEBA board must possess certain qualifications. Members of the PEBA board serve for terms of two years and until their successors are appointed and qualify. Terms commence on July first of even numbered years. The PEBA board appoints the Executive Director. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of PEBA. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions in administering the State Health Plan and other post-employment benefits (OPEB).

Plan Description

The Other Post-Employment Benefits Trust Fund (OPEB Trust), refers to the South Carolina Retiree Health Insurance Trust Fund (SCRHITF), was established by the State of South Carolina as Act 195, which became effective in May 2008. The SCRHITF was created to fund and account for the employer costs of the States retiree health and dental plans.

In accordance with Act 195, the OPEB Trusts are administered by the PEBA – Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The Board of Directors of PEBA has been designated as the Trustee.

The OPEB Trust is a cost-sharing multiple-employer defined benefit OPEB plan. Article 5 of the State Code of Laws defines the plans and authorizes the Trustee to at any time

adjust the plan, including its benefits and contributions, as necessary to insure the fiscal stability of the plan. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental benefits to retired State and school district employees and their covered dependents.

Benefits

The SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established twenty-five years of service for 100% employer funding and fifteen to twenty-four years of service for 50% employer funding.

Contributions and Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires the postemployment benefits to be funded through non-employer and employer contributions for active employees and retirees to the PEBA – Insurance Benefits.

The SCRHITF is funded through participating employers that are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2023 was 6.25%. The South Carolina Retirement System collects the monthly covered payroll surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF also include the implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer’s active employees. For purposes of GASB Statement No. 75, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer’s contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs. Non-employer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves. However, due to the COVID-19 pandemic and impact it has had on the PEBA – Insurance Benefits reserves, the General

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 7 – POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS (Continued)

Assembly has indefinitely suspended the statutorily required transfer until further notice. The SCRHITF is also funded through investment income.

The allocation percentage of the OPEB amounts are calculated differently for each OPEB Trust. For the SCRHITF, the allocation percentage is based on the covered payroll surcharge contribution for each employer.

In accordance with part (b) of paragraph 69 of GASB Statement No. 75, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective net OPEB liability arising from contributions to the OPEB plan during the measurement period from non-employer contributing entities for purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities.

For purposes of measuring the net OPEB liability, deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to and deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB Trust Funds. This information is publicly available through the PEBA – Insurance Benefit's link on PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the State of South Carolina and therefore, OPEB Trust fund financial information is also included in the annual comprehensive financial report of the State.

For the year ended June 30, 2024, the College's SCRHITF contributions totaled \$2,976,482. The College's proportionate share of the implicit subsidy recognized for the year ended June 30, 2024 was \$13,742.

Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point.

NOTE 7 – POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS (Continued)

Additional information as of the latest actuarial valuation for SCRHITF:

Valuation Date:	June 30, 2022
Actuarial Cost Method:	Individual Entry – Age Normal
Inflation:	2.25%
Investment Rate of Return:	2.75%, net of OPEB Plan investment expense; including inflation
Single Discount Rate:	3.86% as of June 30, 2023
Demographic Assumptions:	Based on the experience study performed for the South Carolina Retirement Systems for the 5-year period ending June 30, 2019
Mortality:	For healthy retirees, the gender-distinct South Carolina Retirees 2020 Mortality Tables are used with multipliers based on plan experience; the rates are projected on a generational basis using 80% of the ultimate rates of Scale MP-2019 to account for future mortality improvements.
Health Care Trend Rate:	Initial trend starting at 6.00% and gradually decreasing to an ultimate trend rate of 4.00% over a period of 13 years
Aging Factors:	Based on plan specific experience
Retiree Participation:	79% for retirees who are eligible for funded premiums 59% participation for retirees who are eligible for Partial Funded Premiums 20% participation for retirees who are eligible for Non-Funded Premiums
Notes:	The discount rate changed from 3.69% as of June 30, 2022 to 3.86% as of June 30, 2023.

Roll Forward Disclosures

The actuarial valuations were performed as of June 30, 2022. Update procedures were used to roll forward the total OPEB liabilities to June 30, 2023.

Net OPEB Liability

The Net OPEB Liability is calculated separately for each OPEB Trust Fund and represents that particular Trust's Total OPEB Liability determined in accordance with GASB No. 74 less that Trust's fiduciary net position. The allocation of each employer's proportionate share of the collective Net OPEB Liability and collective OPEB Expense was determined using the employer's payroll-related contributions over the measurement period. This method is expected to be reflective of the employer's long-term contribution effort as well as be transparent to individual employers and their external auditors.

At June 30, 2024, the College reported a liability of \$55,509,473 for its proportionate share of the SCRHITF net OPEB liability. At June 30, 2023, the College's proportionate share of the SCRHITF net OPEB liability was 0.424012%. For

the year ended June 30, 2024, the College recognized a reduction in OPEB expense of \$4,418,468.

Single Discount Rate

The Single Discount Rate of 3.86% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the plan's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

Long-term Expected Rate of Return

The long-term expected rate of return represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

NOTE 7 – POSTEMPLOYMENT AND OTHER EMPLOYEE BENEFITS (Continued)

The information is summarized in the following table:

Asset Class	Target Asset Allocation	Expected Arithmetic Real Rate of Return	Allocation-Weighted Long-Term Expected Real Rate of Return
U.S. Domestic Fixed Income	80.00%	0.95%	0.76%
Cash Equivalents	20.00%	0.35%	0.07%
Total	100.00%		0.83%
Expected Inflation			2.25%
Total Return			3.08%
Investment Return Assumption			2.75%

Sensitivity Analysis

The following table presents the SCRHITF's net OPEB liability calculated using a Single Discount Rate of 3.86%, as well as what the College's net OPEB liability would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	1% Decrease 2.86%	Current Discount Rate 3.86%	1% Increase 4.86%
Net OPEB Liability	\$ 65,526,684	\$ 55,509,473	\$ 47,430,511

Regarding the sensitivity of the SCRHITF's net OPEB liability to changes in the healthcare cost trend rates, the following table presents the College's net OPEB liability, calculated using the assumed trend rates as well as what the College's net OPEB liability would be if were calculated using a trend rate that is one percent lower or one percent higher.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
Net OPEB Liability	\$ 46,091,768	\$ 55,509,473	\$ 67,609,186

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the College reported deferred outflows of resources and deferred inflows of resources related to the OPEB liability from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net</u>
Assumption changes	\$ 11,135,846	\$ (17,834,517)	\$ (6,698,671)
Net difference between projected and actual experience	982,061	(12,649,345)	(11,667,284)
Net difference between projected and actual investment earnings	557,477	-	557,477
Deferred amounts from changes in proportionate share and difference between employer contributions and proportionate share of total plan employer contributions	-	(10,359,689)	(10,359,689)
Current year employer contributions	<u>2,976,482</u>	<u>-</u>	<u>2,976,482</u>
Total	<u>\$ 15,651,866</u>	<u>\$ (40,843,551)</u>	<u>\$ (25,191,685)</u>

The College reported \$2,976,482 as deferred outflows of resources resulting from College contributions subsequent to the measurement date during the year ended June 30, 2024 will be recognized as a reduction of net OPEB liability in the year ended June 30, 2025.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ended June 30,</u>	<u>Net</u>
2025	\$ 5,436,758
2026	4,819,260
2027	4,589,784
2028	5,608,257
2029	6,118,003
Thereafter	1,596,105
	<u>\$ 28,168,167</u>

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued SCRHITF financial report.

NOTE 8 – CONTINGENCIES, LITIGATION, AND PROJECT COMMITMENTS

The College is party to various lawsuits arising out of the normal conduct of its operations. In the opinion of college management, there are no material claims or lawsuits against the College that are not covered by insurance or whose settlement would materially affect the College's financial position.

The College participates in certain federal grant programs. These programs are subject to financial and compliance audits by the grantor or its representative. Such audits could lead to requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Management believes disallowances, if any, will not be material.

Necessary funding has been obtained for the acquisition, construction, renovation, and equipping of certain facilities, which will be capitalized in the applicable capital asset categories upon completion. At June 30, 2024, the College did not have any remaining commitment balances with certain property owners, engineering firms, construction contractors, and vendors related to these projects. Other capital projects, which are not to be capitalized when completed, are for replacements, repairs, and/or renovations to existing facilities. Remaining commitment balances with certain parties related to these projects total \$34,619 at June 30, 2024.

The College anticipates funding these projects out of current resources, current and future bond issues, private gifts, student fees, and local appropriations. Authorized funds can be requested as needed once state authorities have given approval to begin specific projects and project expenditures have been incurred.

NOTE 9 – LEASE OBLIGATIONS

The College leases equipment from external parties for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2027. Lease payments are made annually ranging from \$5,928-\$31,591. In accordance with GASB Statement No. 87, the College records lease assets and lease liabilities based on the present value of expected payments over the term of the leases. The expected payments are discounted using the interest rate charged on the lease ranging from 5.22%-6.72%. See Note 5 – Capital Assets for information on lease assets and associated accumulated amortization.

The annual payment schedule for reducing the lease liability is as follows:

<u>Year Ended June 30,</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total</u>
2025	34,901	2,618	37,519
2026	5,205	723	5,928
2027	5,555	373	5,928
	<u>\$ 45,661</u>	<u>\$ 3,714</u>	<u>\$ 49,375</u>

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 10 – SUBSCRIPTIONS PAYABLE

The College has software subscriptions from external parties for various terms under long-term, non-cancelable subscription agreements. These subscription agreements expire at various dates through 2028. Subscription payments are made annually ranging from \$37,000-\$493,121. The expected payments are discounted using the interest rate charged, if available, or are otherwise discounted using the College's incremental borrowing rate of 2.28%. In accordance with GASB Statement No. 96, the College records SBITA assets and liabilities based on the present value of expected payments over the term of the agreement. See Note 5 – Capital Assets for information on SBITA assets and associated accumulated amortization.

The annual payment schedule for reducing the SBITA liability is as follows:

Year Ended June 30,	Principal Payments	Interest Payments	Total
2025	\$ 519,371	\$ 31,161	\$ 550,532
2026	387,221	19,345	406,566
2027	292,542	10,536	303,078
2028	170,577	3,881	174,458
	\$ 1,369,711	\$ 64,923	\$ 1,434,634

NOTE 11 – LINE OF CREDIT

The Commission authorized the administration to create a temporary line of credit not to exceed \$1,000,000 if needed to support the operations of the College. The line of credit was not used during the year. At June 30, 2024, the unused amount of the line of credit was \$1,000,000. The College has a monthly line of credit in the purchasing card program of \$500,000 and an executive credit card line of credit of \$150,000. At June 30, 2024, the unused amount from the purchasing card program and executive credit card was \$308,016 and \$107,702, respectively.

NOTE 12 – ACCOUNTS PAYABLE

Accounts payable as of June 30, 2024, are summarized as follows:

Accounts Payable	\$ 1,954,901
Employee Payable	21,243
Construction Payable	84,904
Retainage Payable	18,175
	<u>\$ 2,079,223</u>

Construction and Retainage payable are payables from restricted assets. As of June 30, 2024 construction payable and retainage payable are not related to capitalized projects.

MIDLANDS TECHNICAL COLLEGE

NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

NOTE 13 – BONDS PAYABLE

Bonds payable consisted of the following at June 30, 2024:

	<u>Interest Rates</u>	<u>Original Balance</u>	<u>Final Maturity</u>	<u>Current Balance</u>
General Obligation Bonds				
Series 2016C	5.0%	\$ 8,765,000	04/01/2027	\$ 3,005,000
Series 2021B	3.0% to 5.0%	15,175,000	04/01/2040	12,525,000
Total Bonds Payable		<u>\$ 23,940,000</u>		<u>\$ 15,530,000</u>

General obligation bonds of the State are backed by the full faith, credit, and taxing power of the State. Tuition revenue is pledged up to the amount of annual debt requirements for the payment of principal and interest on general obligation bonds. The legal debt margin for general obligation bonds is that the maximum amount of annual debt service shall not exceed 90 percent of the sums received from tuition and fees for the preceding fiscal year. Tuition bond fees for the preceding year are \$2,944,389 which results in a legal annual debt service at June 30, 2024, of \$2,649,950. The annual debt service payments for the fiscal year ended June 30, 2024, were \$2,646,950; all issues are subject to arbitrage regulations.

The College reported \$75,891 as deferred outflows of resources due to bond refunding. In fiscal year 2016, the College purchased Series 2016C General Obligation State Institution Refunding Bond to reduce total debt service. This refunding resulted in a deferred loss of prepaid interest that is being amortized over the remaining term of the Series 2007A Bond using the straight-line method. Other amounts reported as deferred outflows of resources related to bond refunding will be recognized in interest expense as follows:

<u>Year ended June 30,</u>	<u>Amount</u>
2025	25,297
2026	25,297
2027	25,297
Total	<u>\$ 75,891</u>

The scheduled maturities of the bonds payable are as follows:

<u>General Obligation Bonds</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Payments</u>
2025	1,915,000	730,700	2,645,700
2026	2,015,000	634,950	2,649,950
2027	2,110,000	534,200	2,644,200
2028	1,120,000	428,700	1,548,700
2029	1,175,000	372,700	1,547,700
2030-2034	3,890,000	1,061,250	4,951,250
2035-2039	2,705,000	370,600	3,075,600
2040	600,000	18,000	618,000
Total	<u>\$ 15,530,000</u>	<u>\$ 4,151,100</u>	<u>\$ 19,681,100</u>

NOTE 15 – RESTRICTIONS/LIMITATIONS ON NET ASSETS– DISCRETELY PRESENTED COMPONENT UNIT

The Foundation's Board of Trustees has chosen to place the following limitations on net assets without donor restrictions:

Designated for equipment, other programs or general use	\$ 420,957
Total board designated net assets	<u>\$ 420,957</u>

Donor restricted net assets:

	Restricted for Purpose or Time	Restricted in Perpetuity	Total Net Assets With Donor Restrictions
Endowment scholarships	\$ 505,561	\$ 7,432,232	\$ 7,937,793
Endowment programs	412,006	3,390,375	3,802,381
Endowment equipment and other programs	305,558	2,674,645	2,980,203
General scholarships	1,297,493	-	1,297,493
General programs	1,043,416	-	1,043,416
General equipment and other programs	2,500,550	-	2,500,550
Endowment net assets, June 30, 2024	<u>\$ 6,064,584</u>	<u>\$ 13,497,252</u>	<u>\$ 19,561,836</u>

Net assets restricted in perpetuity consist of endowment fund assets to be held indefinitely. The income from the assets can be used to support the Foundation's endowment related activities.

During the year, net assets with restrictions were released for satisfaction of the following restrictions:

Time restrictions released	
Non-endowed equipment and other programs	\$ -
Total time restrictions released	<u>-</u>
Purpose restrictions released	
Non-endowed scholarships	212,854
Non-endowed programs	173,478
Non-endowed equipment and other programs	138,936
Endowment scholarships	275,775
Endowment programs	65,117
Endowment equipment and other programs	57,674
Total purpose restrictions released	<u>923,834</u>
Total time and purpose restrictions released	<u>\$ 923,834</u>

NOTE 16 – RELATED ORGANIZATIONS, RELATED PARTY TRANSACTIONS, AND TRANSACTIONS WITH DISCRETELY AND BLENDED PRESENTED COMPONENT UNITS

Certain separately chartered legal entities whose activities are related to those of the College exist primarily to provide financial assistance and other support to the College and its educational programs. Financial statements for these entities are audited by independent auditors and retained by them. They include the Foundation and Enterprise Campus Authority. Management has reviewed its relationship with the Foundation. Because of the nature and the significance of its relationship with the College, the Foundation is considered a component unit of the College.

Following is a more detailed discussion of the Foundation and a summary of significant transactions (if any) between the Foundation and the College for the year ended June 30, 2024.

The Midlands Technical College Foundation:

The Foundation is a legally separate chartered corporation organized exclusively to receive and manage private funds for the exclusive benefit and support of the Foundation, scholarships for Midlands Technical College students, or other support of Midlands Technical College. The Foundation's activities are governed by its Board of Trustees.

The Foundation exists to provide support of educational programs at Midlands Technical College. All of the Foundation's expenditures are for the operation of the Foundation, scholarships for Midlands Technical College students, or other support of Midlands Technical College. Midlands Technical College provides office space and support services to the Foundation at no cost. Total payments to the College for items such as salary supplements, legislative support, travel and other costs totaled \$744,726 during the 2024 fiscal year.

Total payments to the College for items such as scholarships and grants, and other support for the students totaled \$500,111 during the 2024 fiscal year. Additionally, the Foundation paid the College a total of \$3,000 for administrative services during the year.

The Foundation's net assets as of June 30, 2024, were \$20,364,538.

Amounts due from/to the Foundation as of June 30, 2024, are as follows:

Due from the Foundation \$185,455.

MIDLANDS TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS

- CONTINUED -

NOTE 17 – RISK MANAGEMENT

The College is exposed to various risks of loss and maintains state or commercial insurance coverage for each of those risks. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. Settlement claims have not exceeded this coverage in any of the past three years.

The State of South Carolina believes it is more economical to manage certain risks internally and set aside assets for claim settlement. Several state funds accumulate assets and the State assumes substantially all the risk for the following claims of covered employees:

- Unemployment compensation benefits
- Worker’s compensation benefits for job-related illnesses or injuries
- Health and dental insurance benefits
- Long-term disability and group life insurance benefits

Employees elect health insurance coverage through either a health maintenance organization or through the State’s self-insured plan.

The College and other entities pay premiums to the State’s Insurance Reserve Fund (IRF), which issues policies, accumulates assets to cover the risk of loss, and pays claims incurred for covered losses relating to the following activities:

- Theft, damage to, or destruction of assets
- Real property, its contents, and other equipment
- Motor vehicles and watercraft
- Torts
- Natural disasters
- Medical malpractice claims against the infirmary

The combined insurance expense for the previously mentioned benefits and insurance for the last three years incurred at the College is as follows:

- 2022 \$5,033,536
- 2023 \$5,371,127
- 2024 \$5,712,903

The IRF is a self-insurer and purchases reinsurance to obtain certain services and to limit losses in certain areas. The IRF’s rates are determined actuarially.

The College obtains coverage through a commercial insurer for employee fidelity bond insurance for all employees for losses arising from theft or misappropriation.

NOTE 18 – OPERATING EXPENSES BY FUNCTION

Operating expenses by functional classification for the year ended June 30, 2024, are summarized as follows:

	<u>Salaries</u>	<u>Benefits</u>	<u>Scholarships</u>	<u>Utilities</u>	<u>Supplies and Other Services</u>	<u>Depreciation and Amortization</u>	<u>Total</u>
Instructional	\$ 27,335,547	\$ 6,337,045	\$ -	\$ -	\$ 4,271,005	\$ -	\$ 37,943,597

NOTE 19 – TAX ABATEMENTS

Midlands Technical College’s property tax revenues were reduced by \$595,240 under agreements entered into by Lexington County as of June 30, 2024. The State of South Carolina reimbursed Lexington County \$26,721 of these property tax revenues, which Lexington County disbursed back to the College. See the chart below for further details. Richland County also funds the College based on millage, however, their information was not available at the time the College’s financial statements were issued.

Lexington County		
Tax Abatement Program	Amount of Taxes Abated During the Fiscal Year	State of South Carolina Revenue Reimbursement Amount
Fee-in-Lieu of Taxes Program (FILOT)	\$ 105,512	\$ 1,528
Fee-in-Lieu of Tax and Special Source Revenue Credit Program (FILOT+SSRC)	167,154	2,838
Infrastructure Program (IP)	-	-
Fee-in-Lieu of Tax and Infrastructure Program (FILOT+IP)	31,296	2,615
Special Source Revenue Credit and Infrastructure Program (SSRC+IP)	-	-
Fee-in-Lieu of Tax, Special Source Revenue Credit and Infrastructure Program (FILOT+SSRC+IP)	291,278	19,740
	\$ 595,240	\$ 26,721

NOTE 20 – TRANSACTIONS WITH OTHER AGENCIES

The College had significant transactions with the State of South Carolina and various agencies. Services received at no cost from state agencies include maintenance of certain accounting records by the Comptroller General; check preparation, banking, bond trustee, and investment services

from the State Treasurer; and legal services from the Attorney General. Other services received at no cost from the various offices of the State Budget and Control Board include pension plan administration, insurance plans administration, grant services, personnel management, assistance in the preparation of the State Budget, review and approval of certain budget amendments, procurement services, and other centralized functions.

NOTE 21 – FAIR VALUE

The College and the Foundation categorize their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The following levels of input for measurement of fair value have been defined to assist the user in evaluating the fair value disclosure information:

- Level 1 Quoted prices in an active market for identical assets or liabilities.
- Level 2 Other quoted prices in active markets for similar assets or liabilities, quoted prices for identical assets or liabilities in markets that are not active for transactions or availability of information, other observable sources of information, and information derived principally from or corroborated from observable sources of information.
- Level 3 Unobservable sources of information, primarily management's assumptions about potential market participants.

- Contributions receivable- The fair value of promises to give that are due in one year or more is estimated by discounting the future cash flows using observable earnings rate.
- Short-term investments and investments in marketable securities- The fair value of investments are based on quoted market prices.
- Restricted cash- The fair value of restricted cash is based on quoted market prices.
- Bonds payable- Fair value approximates carrying value since stated rates are similar to rates currently available for debt with similar terms and maturities.

The College has the following recurring fair value measurements as of June 30, 2024:

	<u>Level</u>	<u>Carrying Value</u>	<u>Fair Value</u>
Short-term investments	1	\$ 122,224,224	\$ 122,224,224
Restricted Cash	1	\$ 9,238,664	\$ 9,238,664
Bonds payable	3	\$ 19,358,700	\$ 19,358,700

Changes in Level 3 fair value measurements were as follows:

	<u>Bonds Payable</u>
Ending balance – June 30, 2023	\$ 21,582,072
Principal payments	(2,223,372)
Ending balance – June 30, 2024	<u>\$ 19,358,700</u>

MIDLANDS TECHNICAL COLLEGE

NOTES TO THE FINANCIAL STATEMENTS

- CONTINUED -

NOTE 21 – FAIR VALUE (Continued)

Discretely Presented Component Unit

The estimated fair values of the Foundation's financial instruments are as follows and are included in the statement of financial position under similar descriptions:

	<u>Level</u>	<u>Carrying Value</u>	<u>Fair Value</u>
Investments in Marketable Securities			
Money market funds	1	\$ 1,594,695	\$ 1,594,695
Fixed income	2	\$ 4,145,917	\$ 4,145,917
Equities	1	\$ 6,938,630	\$ 6,938,630
Mutual funds	1	\$ 3,689,868	\$ 3,689,868
Alternative investments	1	\$ 1,437,270	\$ 1,437,270
Contributions receivable	3	\$ 1,820,463	\$ 1,820,463

The Foundation recognized a significant increase in the amount of \$1,060,846 in level 3 due to the increase in contributions receivable during the year.

NOTE 22 – RESTATEMENT OF NET POSITION

During the year, management determined that a portion of net position was classified as restricted net position, however it was not restricted by a third party and therefore should have been classified as unrestricted net position. As of June 30, 2023, the restricted net position changed from \$83,678,279 to \$26,408,229 and unrestricted net position/(deficit) from \$(155,823,139) to \$(98,553,089). Total net position as of June 30, 2023 was not changed as a result of this change.

NOTE 23 – SUBSEQUENT EVENTS

Subsequent events were evaluated through September 25, 2024, which is the date the financial statements were available for issue.

STATISTICAL SECTION

This section of the Midlands Technical College Annual Comprehensive Financial Report presents information that will assist in understanding the information in the financial statements, note disclosures, and the required supplementary information about the overall financial health of the College.

CONTENTS

SCHEDULES

Financial Trends

1 - 4

The schedules in this section contain trend information to assist in understanding of how the College's financial performance and well-being have changed over time.

Revenue Capacity

5 - 8

The schedules in this section contain information to assess the College's most significant revenue sources.

Debt Capacity

9 - 10

The schedules in this section present information that assesses the affordability of the College's current levels of outstanding debt and the ability of the College to issue additional debt in future years.

Demographic and Economic Information

11 - 12

The schedules in this section offer demographic and economic indicators to assist in understanding the environment within which the College's financial activities occur.

Operating Information

13 - 14

The schedules in this section contain service and infrastructure data to assist in understanding how the information in the College's financial report relates to the services it provides and the activities it performs.

- National Automotive Technicians Education Foundation (NATEF)
- National Institute for Metalworking Skills (NIMS)
- National Association for the Education of Young Children (NAEYC)
- South Carolina Board of Nursing (SCBN)
- South Carolina Department of Health and Human Services (SCDHHS) – Nursing Assistant Program

STATEMENT OF NONDISCRIMINATION

Midlands Technical College does not discriminate in admissions, educational programs or employment on the basis of race, sex, sexual orientation, national origin, ethnic group, color, age, religion, disability, genetic information, gender, gender identity, military service, pregnancy, childbirth, or related medical conditions including but not limited to lactation, or any other category protected by applicable law. In compliance with all federal and state laws, including Section 35.107 of the Department of Justice regulations, the Age Discrimination Act of 1967, Title VI and Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1992 as well as the ADA Amendments of 2008 (ADAA), the South Carolina Pregnancy Accommodations Act of 2018 and the Genetic Information Nondiscrimination Act of 2008 (GINA), Midlands Technical College offers access and equal opportunity in its admissions policies, academic programs and services, and employment of disabled individuals in that no otherwise qualified person will be denied these provisions on the basis of a disability. Midlands Technical College also prohibits retaliation against any person for bringing a complaint of discrimination or for participating in an investigation of a complaint of discrimination.

Student inquiries or complaints should be directed to Ms. Debbie M. Walker in her position as Chief Compliance Officer/Title IX Coordinator. She can be reached at Midlands Technical College in Suite 165, Saluda Hall, Airport Campus, 1260 Lexington Drive, West Columbia, SC 29170; by telephone at 803.822.3261; or email at walkerd@midlandstech.edu.

Faculty and staff inquiries or complaints should be directed to Ms. Alexea Ray in her position as Employee Relations Manager/Equal Employment Opportunity (EEO) Officer. She can be reached at Midlands Technical College in Suite 134, Reed Hall, Airport Campus, 1260 Lexington Drive, West Columbia, SC 29170; by telephone at 803.822.3251; or email at alexearay@midlandstech.edu.

MIDLANDS TECHNICAL COLLEGE
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2024

1. Description

Midlands Technical College has adopted *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards were adopted to fulfill the financial and compliance audit requirements of federal grantor agencies. For purposes of implementing Uniform Guidance, federal grant awards were susceptible to audit and are included in the Schedule of Expenditures of Federal Awards.

2. Summary of Significant Accounting Principles

Basis of Presentation

The financial activity shown in the Schedule of Expenditures of Federal Awards reflects amounts recorded by the College on the accrual basis, during its fiscal year July 1, 2023 through June 30, 2024.

3. Loan Programs

The College has students who have approved Federal Direct Loans. Those loans were disbursed to the students during the current fiscal year. The College is not the lender. The College only processes the loans for the lender, the Department of Education. The total Federal Direct Loans for the current fiscal year were \$7,651,570.

4. Indirect Cost

The College has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The President and Members of the Area Commission
Midlands Technical College
Post Office Box 2408
Columbia, South Carolina 29202

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Midlands Technical College (the "College"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and have issued our report thereon dated September 25, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The President and Members of the Area Commission
Midlands Technical College
Post Office Box 2408
Columbia, South Carolina 29202

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Midlands Technical College's (the "College") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2024. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the on compliance about the College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such

that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANTS' REPORT ON STATE LOTTERY TUITION ASSISTANCE

The President and Members of the Area Commission
Midlands Technical College
Post Office Box 2408
Columbia, South Carolina 29202

As a part of our examination of the financial statements of Midlands Technical College (the "College") as of and for the year ended June 30, 2024, we reviewed the administrative procedures and internal control related to the State Lottery Tuition Assistance Program to determine that the College administered the program in accordance with State Law and Policy 3-2-307 and Procedure 3-2-307.1 of the State Board for Technical and Comprehensive Education.

A random sample of 25 students was selected from the College's list of financial aid recipients.

We reviewed the student records maintained by the financial aid office of each applicant randomly selected to determine that they contained all necessary information and documentation to determine eligibility. We also determined that any lottery tuition assistance awarded did not exceed the remaining cost of tuition and academic fees for the applicable semester after first applying Pell grants, Federal Supplemental Education Opportunity Grants, South Carolina Need-Based grants, and other applicable grants.

For students included in our sample not receiving funds from the Lottery Tuition Assistance Program, we determined that the students were granted the right to appeal the decision by submitting a written request to the institution's Director of Financial Aid and determined that the students' requests were handled in accordance with the institution's financial aid procedures as reflected in the student's financial aid record.

We traced amounts to the student account detail to determine that the awarded amounts were identifiably credited to the student's account.

By analytical tools we tested all lottery recipients for the lottery award compliance with restrictions regarding limitations associated with other awards received, amounts received within each term, and eligibility criteria associated with the Life Scholarship program. The results of our tests disclosed no instances of noncompliance that is required to be reported under *Government Auditing Standards*.

The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

In our opinion, the State Lottery Tuition Assistance Program has been administered in accordance with State Law and Policy 3-2-307 and Procedure 3-2-307.1 of the State Board for Technical and Comprehensive Education.

This report is intended solely for the use of management of the College, the Area Commission for Midlands Technical College, management of the South Carolina State Board for Technical and Comprehensive Education, and the South Carolina Commission of Higher Education and should not be used by anyone other than these specified parties.
